BRAND IDENTITY PROPOSAL · OPTION 40 · COLOUR REFRESH

CRIOMEP

MEP PROCUREMENT, SIMPLIFIED

Built brick by brick.

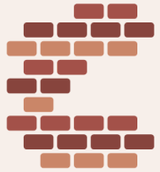

The Brick mark, re-fired in **Blueprint Cobalt** & **Desert Saffron**.

THE REFRESH

Same wall. New colour story.

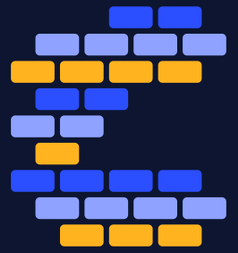

BEFORE

Fired clay

Warm, earthy and handmade — but close to every brick-maker and cement brand in the region.

AFTER

Cobalt × Saffron

Engineered and confident. Cobalt speaks of blueprints, precision and trust; saffron brings the desert sun and the high-vis energy of the jobsite.

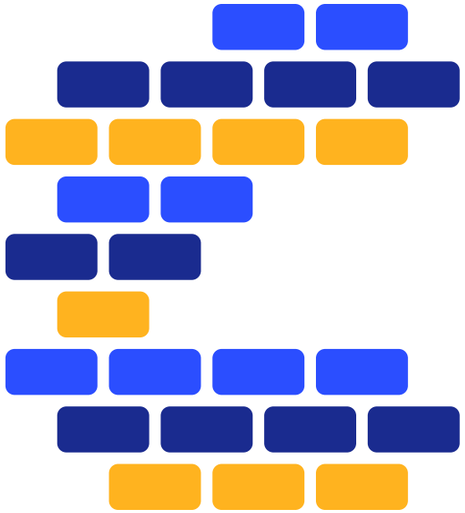

01 Stands apart from red-and-grey construction brands

02 Reads as a tech platform, not a materials supplier

03 Saffron accent is instantly visible on site and on screen

CONCEPT

Brick

“Every brick is a product, a supplier, a delivery.”

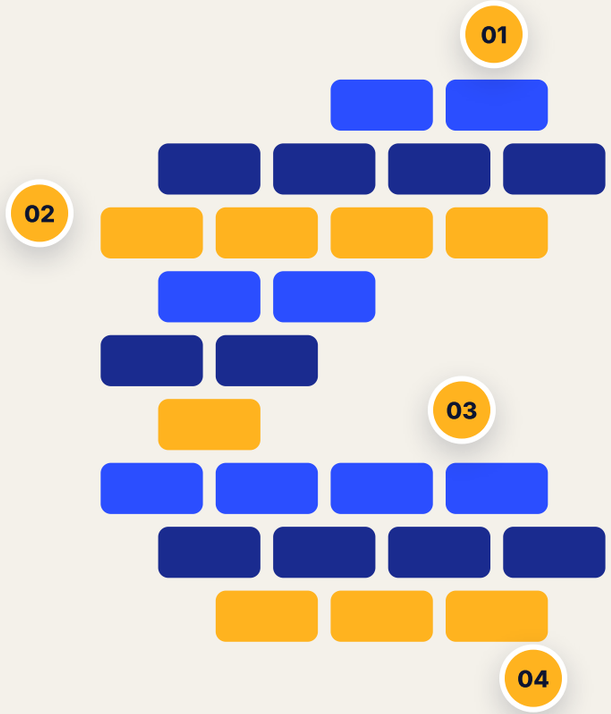

A **C** laid brick by brick in staggered courses, like a real wall. Criomep builds your project’s supply one solid piece at a time — and the refreshed palette makes that process feel precise, digital and dependable.

Sturdy | Precise | Optimistic | Hard-working

WHAT THE LOGO MEANS

Every part tells the story

01 Each brick

A product or a supplier, placed exactly where it belongs.

02 Staggered courses

Built like a real wall — interlocked, strong, load-bearing.

03 The C

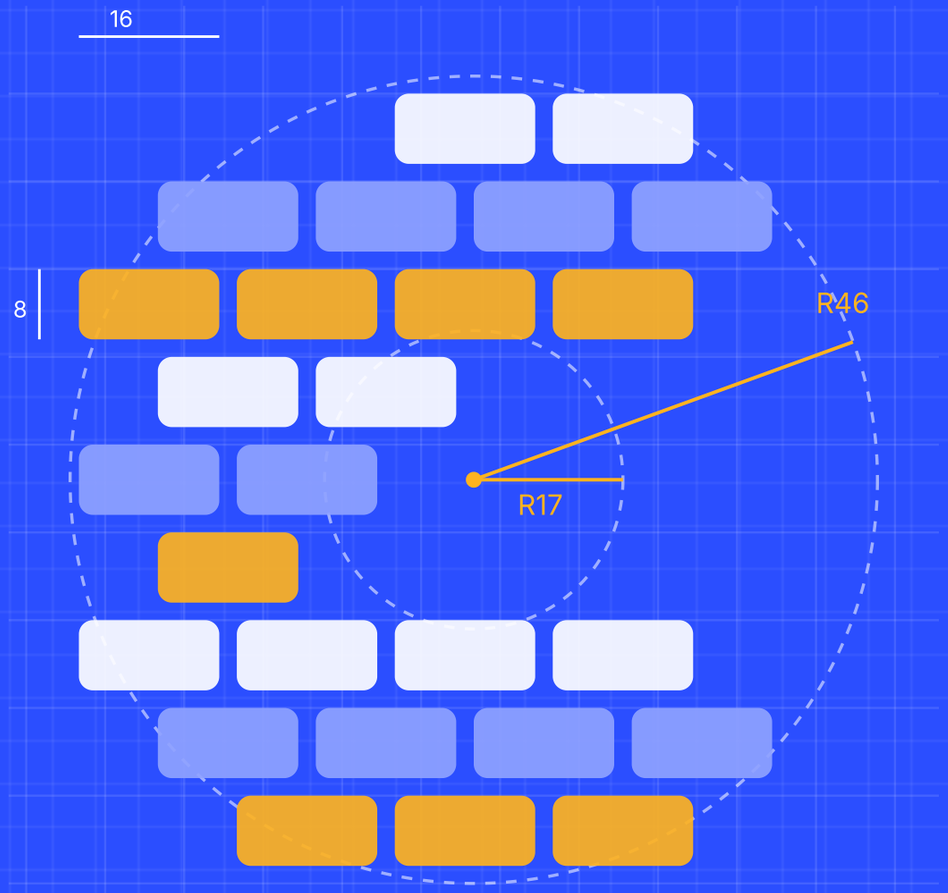

The open wall curves into the C of Criomep — open for business.

04 Three tones

Cobalt = structure Navy = depth Saffron = energy

CONSTRUCTION

Built on a blueprint

MODULE

16 × 8 brick

Every brick shares one proportion, with 2-unit mortar joints.

BOND

Half-brick offset

Every second course shifts by half a brick — a true running bond.

MASK

C between R17 & R46

Only bricks that fall inside the C-ring are laid.

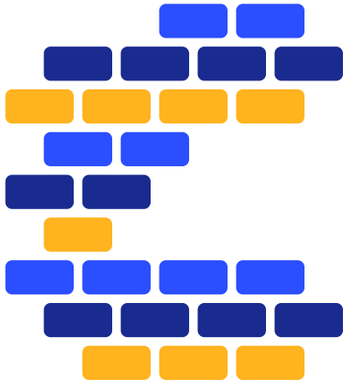

CORNERS

1.6 radius

Softened edges keep it friendly at small sizes.
