THE REBRAND

FROM MEPCLICK TO CRIOMEP

~~mepclick~~ → CRIOMEP

CRIO

The platform's core identity — short, ownable and ready to grow beyond a single product.

MEP

Mechanical, Electrical & Plumbing — says exactly what the marketplace sources, at a glance.

CRIOMEP

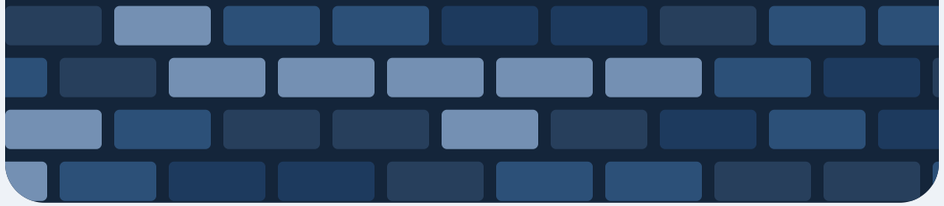

MEP procurement, simplified — for contractors, facilities teams, developers and procurement professionals.

BRAND ESSENCE

WHAT CRIOMEP STANDS FOR

MISSION

MAKE MEP PROCUREMENT IN SAUDI ARABIA SIMPLE, TRANSPARENT AND FAST — FROM BOQ TO DELIVERY, IN ONE WORKFLOW.

WHO WE SERVE

- Contractors & sub-contractors
- Facilities & maintenance teams
- Developers & project owners
- Procurement professionals

PROMISE

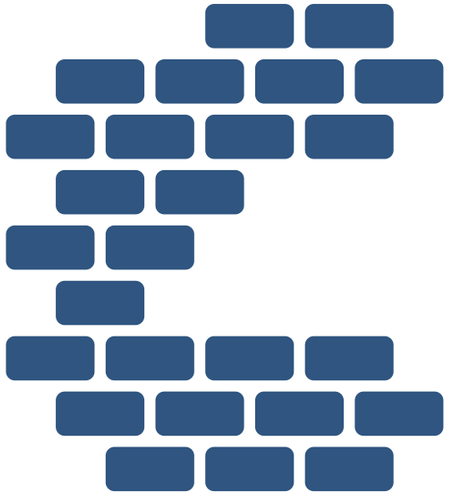

EVERY PRODUCT, PLACED EXACTLY WHERE IT BELONGS.

PERSONALITY

- Sturdy
- Honest
- Hard-working
- Trustworthy
- Modern

CONCEPT

BRICK

BUILT BRICK BY BRICK.

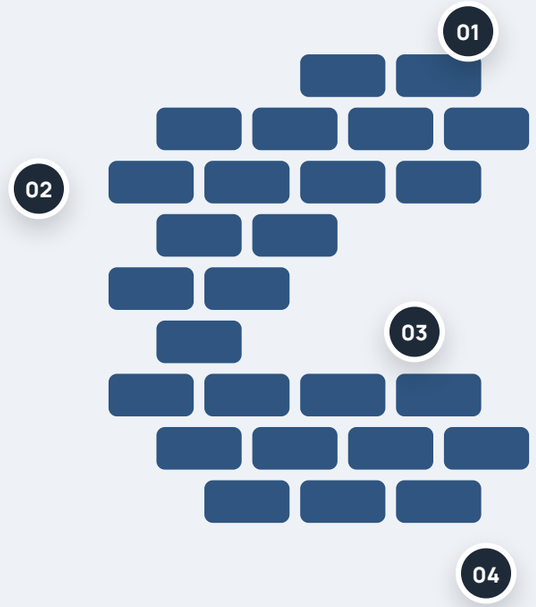

A **C** laid brick by brick in staggered courses, like a real wall. Every brick is a product, a supplier, a delivery — Criomep builds your project's supply one solid piece at a time. One solid steel blue makes it dependable, engineered and trustworthy.

Construction | Solid | Step by step

- Sturdy
- Honest
- Hard-working
- Trustworthy

WHAT THE LOGO MEANS

EVERY PART TELLS THE STORY

01

Each brick

A product or supplier, placed exactly where it belongs.

02

Staggered courses

Built like a real wall — strong and interlocked.

03

The C

The wall curves into the C of Criomep.

04

One solid blue

A single steel blue keeps the mark clean, confident and easy to reproduce.

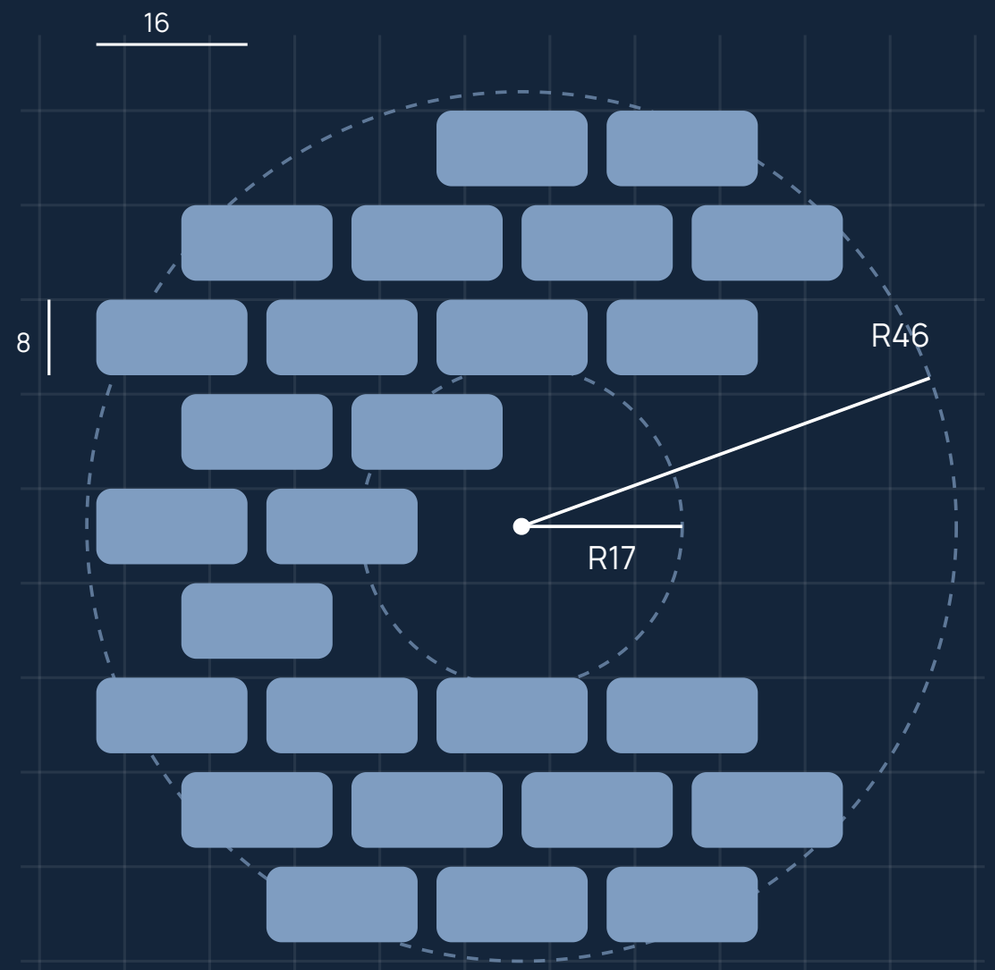

✓ Unmistakably construction

✓ Rich, crafted texture

✓ Strong on signage and site hoardings

CONSTRUCTION

BUILT ON GEOMETRY

COURSES ×9 · MORTAR 2 · OFFSET ½

01 · BRICKS

16 × 8 UNITS

Every brick shares one proportion, with 2-unit mortar joints.

02 · COURSES

HALF-BRICK OFFSET

Every second course shifts by half a brick — a true running bond.

03 · C MASK

RADII 17 & 46

Only the bricks that fall inside the C-ring are laid.

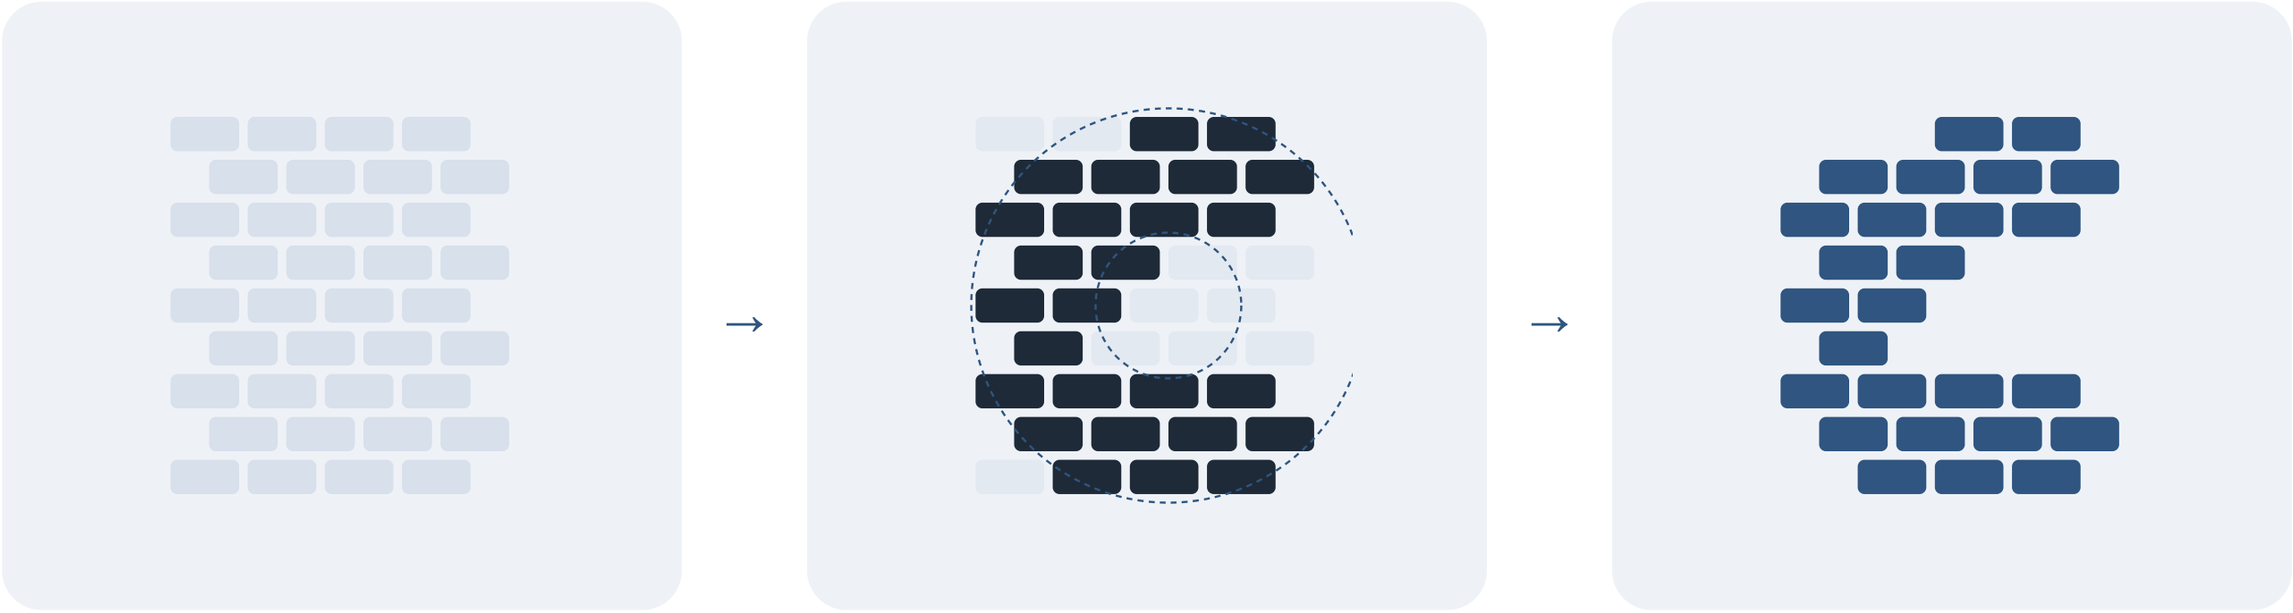

04 · CORNERS

1.6 RADIUS

Softened corners keep the mark crisp yet friendly at small sizes.

PROCESS

HOW THE MARK IS BUILT

STEP 01

LAY THE WALL

A full running-bond wall of identical 16 × 8 bricks.

STEP 02

MASK THE C

A C-ring between radii 17 and 46 selects the bricks to keep.

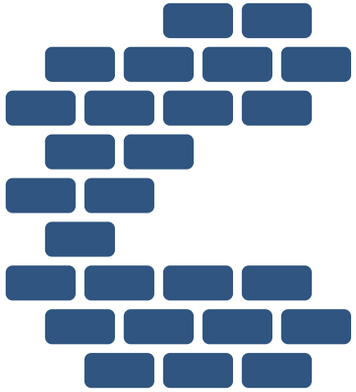

STEP 03

SET IN STEEL

The remaining bricks are set in one solid steel blue — the mark is built.

PRIMARY LOGO

THE MASTER LOCKUP

CRIOMEP

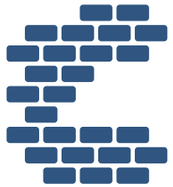

MEP PROCUREMENT, SIMPLIFIED

Horizontal lockup with descriptor — first choice for all applications.

Wordmark: Bebas Neue, outlined · set in one colour, Steel Blue
